

Faculty Town Hall:

The Impact of the 2019 UC Journal Negotiations with Elsevier

The Academic Senate/UCSF Library Town Hall will focus on the goals of our negotiations with Elsevier and address potential issues concerning access to Elsevier journal content should we fail to reach an agreement by the end of 2018.

Similar contract negotiations with Elsevier (e.g., in Europe) have attracted broad attention in the media and are helping to accelerate the transformation of scholarly communication to a system that is more open and sustainable.
