Regulations of the Faculty of the School of Medicine

V. Grades and Credit

B. The honors grade rewards a student for outstanding performance. The honors grade will not be assigned in any first or second-year course, but may be assigned in all required and elective courses of more than two units in the third and fourth years. Honors will be assigned in each academic quarter or at the end of each clerkship rotation. Instructors will determine the criteria for honors and publicize these to the class at the beginning of the course. The honors grade will be recorded in the Office of the Registrar as part of the student record. (En. 9/91) [Am. 11/95, 02/14]
