165. Committee on Library and Scholarly Communication

A. Membership: This Committee shall consist of ten members, including the University Librarian of the San Francisco Division, a representative of the Librarians Association of the University of California - San Francisco Division (LAUC-SF), and one representative from either the UCSF Graduate Student Association or Associated Students of the University of California, San Francisco as ex officio members. The student representative groups shall in alternate years provide representatives (in odd years – GSA, in even years – ASUCSF), with each group serving to coordinate and communicate matters of importance relative to the Library on behalf of both groups. In the event that the Student Associations are unable to alternate representation, they shall determine amongst themselves which organization will send representation. [Am 1 Sep 03]

B. Duties:

1. To advise the President and the Chancellor regarding the administration of the library at San Francisco, in accordance with the Standing Orders of The Regents, and perform such duties relative to the Libraries at San Francisco as may be assigned to the Division by proper authority.
2. To provide liaison between Faculty and Library Administration on all matters of library policy.
3. To participate with the University Librarian on matters relating to library budget formulation policy and the allocation of space and apportionment of funds.
4. To prepare and submit to the San Francisco Division an annual report on financial problems, allocation of space, facilities for Library research and any other matters within its jurisdiction.

**COLASC Update September 17, 2015:
UCSF Open Access Fund**

The Academic Senate-funded OA Publishing Fund became active on Friday, May 1.

The Fund web page is now found at <http://guides.ucsf.edu/oafund>, and includes a listing of all articles published under both the Library- and Academic Senate-funded program. Links to usage and sharing metrics for each article from the publisher and Altmetric are included when available.

As of today, 13 articles have been approved for funding, and 6 have submitted for reimbursement.

Fund budget: \$45,802

Approved amount: \$21,436

Paid amount: \$11,067

Balances:

Budget: \$24,366

Ledger: \$34,735

Average article processing charge (APC) for the 13 articles = \$1,649

Two APCs have been over the Fund's \$2,000 maximum (\$2,771 and \$2083). The balance was covered by the author.

Once the fund is promoted via the Library newsletter in October, it is likely that the budget will be fully committed by the end of 2015.
