RE: Change in Committee on Educational Policy Bylaws

Dear Chair Seielstad,

The Committee on Educational Policy is requesting that the Rules and Jurisdiction Committee approve changes to Bylaw 115 C. The justification for this bylaw change is that the current language of said bylaw makes it unclear who the committee reports to. The change is needed in order to explain the reporting structure of the committee.

Current

115. C. The Chair of the Committee shall immediately inform the Chair of the Committee on Educational Policy of the Academic Senate on all matters referred to it and studies initiated by it. It shall, whenever requested by said Academic Senate Committee, refer to the latter for review any proposed report before such report is submitted.

New

115. C. The Chair of the Committee shall immediately inform the Chair of the **University** Committee on Educational Policy of the Academic Senate on matters concerning systemwide policies. **In Division matters, the Committee shall report to the Divisional Academic Senate** all matters referred to it and studies initiated by it. It shall, whenever requested by said **systemwide** Academic Senate Committee, refer to the latter for review **of** any proposed report before **such a Divisional** report is submitted.

The Committee on Educational Policy has approved this change.

Sincerely,

Committee on Education Policy
